THINK OUTSIDE

It is one of our great pleasures as a site furniture manufacturer to see outdoor spaces come to life with the addition of our products: Products that make an outdoor space more inviting, engaging and accessible.

More than ever, we have seen the demand for these spaces increase as property owners and designers seek new ways to expand their footprints into the outdoors to make safe and enjoyable spaces that foster a connection with nature. Streets have become public parks. Sidewalks have created outdoor dining. Office patios transform into outdoor work spaces. When it comes to public spaces, we are not only challenged to think outside the box, but to think outside in general.

How can our outdoor spaces continue to move us forward, and what products are needed to shape how those spaces are used? That is our joy and our challenge and we hope this catalog can help inspire how you continue to *think outside.*

WHO WE ARE

Keystone Ridge Designs is a leading designer and manufacturer of commercial-grade site furnishings. For over 25 years, we have been transforming public spaces with our unique collection of powder coated benches, litter receptacles, bike racks, table sets, bollards, planters and other high-quality outdoor solutions.

From classic designs to modern innovations, our furnishings add the perfect finishing touch to parks, shopping centers, city streetscapes, campuses and other diverse landscapes nationwide.

HOW WE DO IT

Our mission is simple – to deliver excellence in all that we do. At the heart of it all is American manufacturing. Starting with regionally-sourced raw materials and advancing through the processes of cutting, bending, welding, grinding, sandblasting, and including an industry-leading powder coat finish - the entire manufacturing process is done by our skilled designers and fabricators in Butler, Pennsylvania. Our “Made in the USA” label represents an important quality commitment to uphold and protect.

WHAT’S INSIDE

In vivid full-color displays, this book features our most recent and most popular site furniture designs uniquely showcased alongside coordinating products to inspire comprehensive landscape installations.

Additional sections are included to highlight our exclusive children’s furniture line and extensive customization capabilities. The final portion offers a quick-reference index of all of our designs thoughtfully sorted into distinguishable product categories.

SIGNATURE STYLES

From our latest product launches to our popular, modern favorites, our signature styles include complete collections of patented products that are reinventing and reimaging today's versatile outdoor environments.

ENZO SERIES

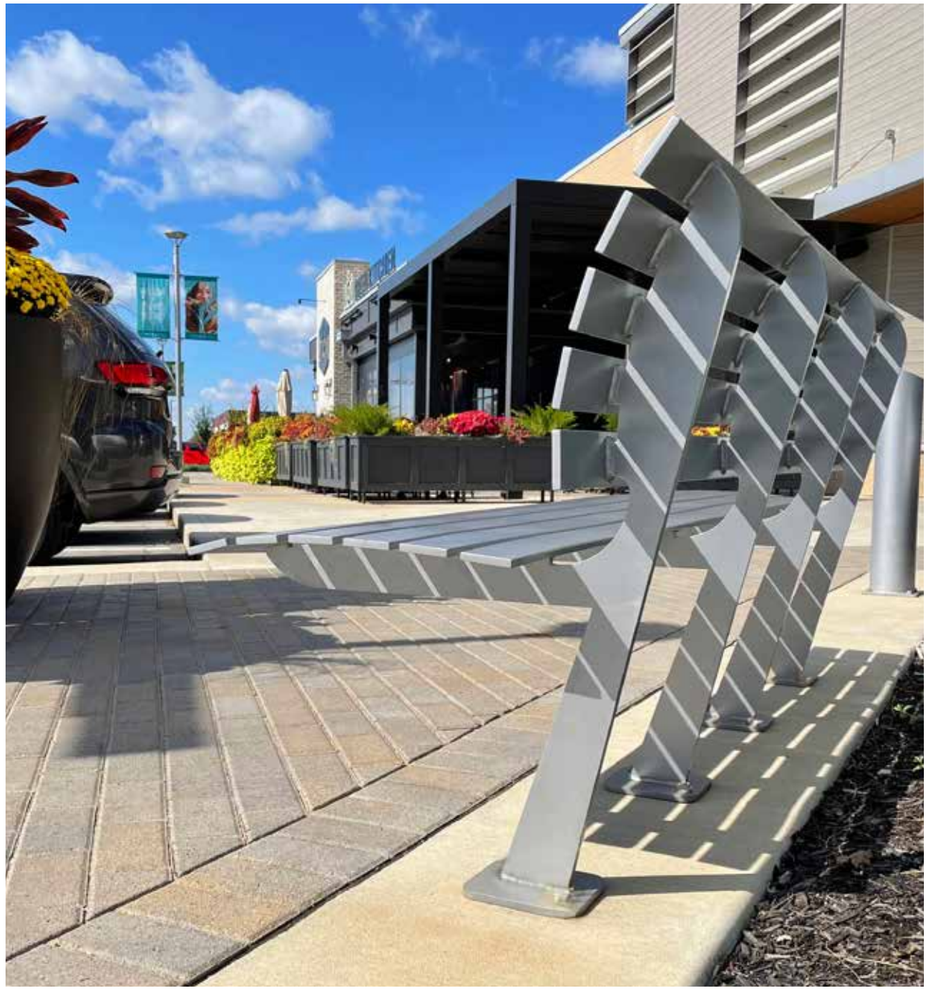
The Enzo series combines the modern elements of steel with the natural warm tones of wood. With striking angles and clean horizontal lines, this collection offers style and versatility for thoughtful landscape design in commercial or residential outdoor spaces.

Patent pending.

CREEKVIEW SERIES

The Creekview series coordinates a complete line of site furniture solutions. Taking a linear approach to body ergonomics, this collection offers comfortable seating with subtle angles to add character. The aluminum slats with wood-grain finish enhance the visual interest while providing superior durability.

Bench with back is covered by Patent No. Des. D891,844. All other Creekview products are Exclusive By Design™.



CARSON SERIES

The Carson series proves that design is in the details with simple comfort curves, understated construction and smooth, seamless lines. The bench with back evokes the style of a classic park bench with artistic nuances to create an updated feel, while the leaning rail, litter receptacle and bike rack reflect the clean construction of the bench in eye-catching, yet functional shapes.

Bench with back is covered by Patent No. Des. D854,346. Litter receptacle is patent pending. All other Carson pieces are Exclusive By Design™.

EVERETT SERIES

The Everett series forms an innate strength and durability while still mimicking distinctive angles and contouring of modern architecture. With wide slats, broad arms and tapered legs, this product series is where durability and design converge for urban public spaces and contemporary landscape settings.

The Everett Bench with Back is covered by Patent No. Des. D794,971. All other Everett products are Exclusive By Design™.

PENN SERIES

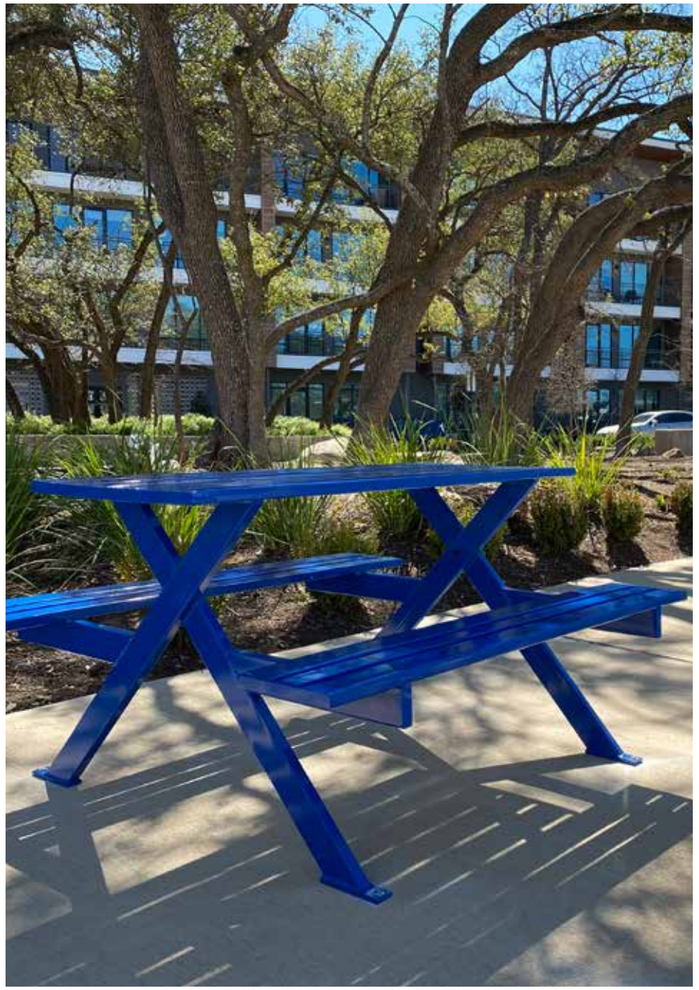
The Penn series provides variety in coordinating site amenities. Designed for city landscapes, busy transit stations or modern outdoor spaces, the Penn series offers sleek lines and innovative construction in this diverse set of contemporary products. The bench and leaning rail present a streamlined design that sprouts up from the base to float effortlessly within the landscape.

All Penn pieces are Exclusive By Design™.

SCHENLEY SERIES

The Schenley series incorporates tear-drop detailing entwined with wide, flowing cast aluminum legs. It achieves a sophisticated furniture statement and a transitional presence that moves an open space in a direction that feels both familiar and new.

Schenley bench is covered by Patent No. Des. D629,233. Table set is covered by Patent No. Des. D818,296.



BREAKWATER SERIES

The Breakwater series invites social gathering and outdoor engagement with original table designs and coordinating benches. With subtle notes of contemporary farmhouse styling that coincide with today's design trends, this series brings a fresh perspective with a modern rustic appeal.

The Breakwater flat bench is covered by Patent No. Des. D465,936. All other Breakwater pieces are Exclusive By Design™.

CLASSIC COLLECTIONS

Timeless design and functional practicality define our classic collection of products. These tried and true traditional styles have earned their enduring reputation for quality and continue to serve public spaces and lasting landscape installations.

READING SERIES

The Reading series suggests the classic look of a wooden garden bench while offering a durable alternative with all-steel construction. Unique in its slat pattern and grounded with sturdy supportive legs, the Reading often finds itself at home on streetscapes, at schools, in senior living facilities or complementing the architecture of historic buildings.

Bench with back is covered by Patent No. Des. D376,270. All other Reading pieces are Exclusive By Design™.

PULLMAN SERIES

The Pullman series is the workhorse of commercial site furnishings. Striking in its simplicity, this popular affordable bench style is made distinct with gently curving lumbar support and rounded front slats for leg comfort. Choose coordinating amenities to add the finishing touch to a site installation.

All Pullman pieces are Exclusive By Design™.

Coordinating Harmony Receptacle and Courtyard Table

LAMPLIGHTER SERIES

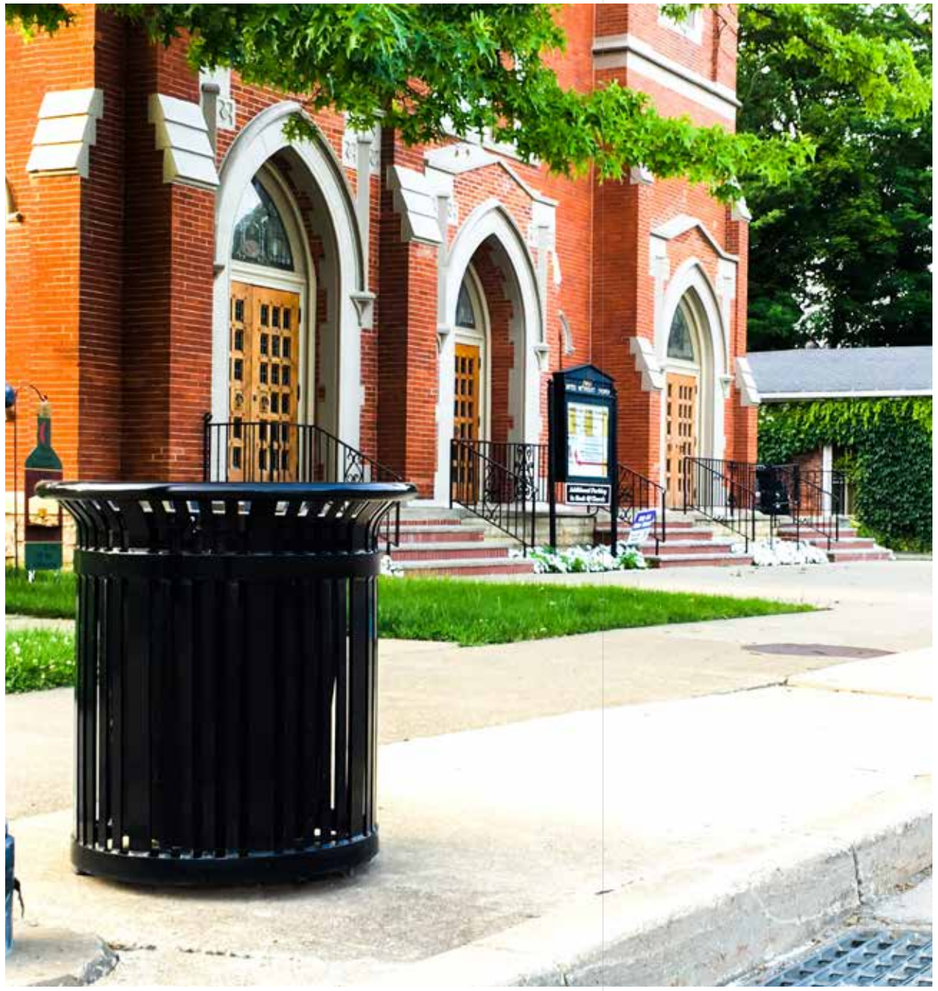
The Lamplighter series is inspired by nostalgic main streets of yesteryear and historic Victorian architecture. The Old-World charm of the Lamplighter creates an inviting atmosphere reminiscent of slower days, simpler times and thriving communities. The cast aluminum legs and steel slats complete the traditional sentimental appeal.

All Lamplighter pieces are Exclusive By Design™.

ATLANTA SERIES

The Atlanta series offers the distinctive grace that many traditional settings require and an artistic ring design to complement popular existing architecture. Innovative engineering has given the Atlanta the freedom to curve and adapt to any surrounding.

Benches with back are covered by Patent No. Des. D372,133. Ash/trash is covered by Patent No. Des. D459,563. All other Atlanta pieces are Exclusive By Design™.



MIDTOWN SERIES

The Midtown series adds functional sophistication as an updated classic for landscape design. With a versatile litter receptacle as the star of this series, the smart, yet simple design allows this series to blend with a bustling city streetscape or a quiet town park. The Midtown sets itself apart with full-weld seams, an industry-leading powder coat finish and solid steel construction.

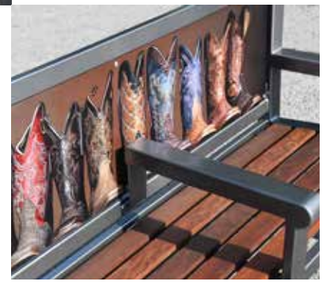
Bench with back is covered by Patent No. Des. D457,742. All other Midtown pieces are Exclusive By Design™.

CHILDREN'S FURNITURE

To customize your space for kids, Keystone Ridge Designs offers a unique line of commercial children's furniture. These patented benches, table sets and other designs are available in child-sized proportions with the same quality and durability of our full-sized alternatives.

PUDDIN DRIPPINS®

Puddin Drippins® is Keystone Ridge Designs' exclusive commercial children's furniture line that offers creative and colorful ways to enhance a public space with kid-sized benches and table sets. Choose from pint-sized versions of our popular patented designs to encourage outdoor play and create fun areas designed to fit the unique needs and sizes of children.



CUSTOM CAPABILITIES

If you don't see what you have in mind on our website or in our catalog, we've got you covered. Our custom capabilities allow us to provide innovative solutions to meet the needs of creative clients, evolving landscapes and busy public spaces. Bring us your ideas to transform your vision into reality!

TERMS AND CONDITIONS

PRICING AND PAYMENT
See website for full product listing and current up-to-date pricing. Pricing is for products only; freight and packaging are not included and will be detailed in a formal quotation. All products are produced to individual customer specifications and require a 50% down payment before manufacturing. The balance must be prepaid before shipping or C.O.D. For other payment inquiries, please call for information. Discover®, Mastercard®, Visa® and American Express® are accepted payment methods.

DELIVERY
The bill of lading is considered the client receipt and should be compared to each delivery for discrepancy. Products should be carefully examined for damage incurred during shipment. Keystone Ridge Designs, Inc.® is not responsible for product damage or shortage once the bill of lading is signed by the client. Inconsistency between order and shipment quantities, as well as product damage, must be indicated on the bill of lading upon delivery and before the freight company leaves the delivery site. Immediately notify Keystone Ridge Designs, Inc.® Client Services of concerns regarding delivery.

HARDWARE
Keystone Ridge Designs, Inc.® utilizes high-quality stainless steel assembly hardware where applicable. Anchoring hardware, due to the specialization required for each installation, is not supplied. Stainless steel hardware is recommended.

PROPRIETARY STATEMENT
Keystone Ridge Designs, Inc.® is proud to offer the design community exceptional site amenities. Due to the time and resources invested in designing, manufacturing and marketing Keystone Ridge Designs' products and services, we pursue design patents, copyrights, trademarks and service marks whenever possible. Any unlawful duplication or misrepresentation of Keystone Ridge Designs' products or promotional materials will be rigorously protected. In accordance with the United States patent process, our products are officially marked with the designated descriptive numbering and required labeling. We strictly prohibit any other labeling which interferes, mutilates or restricts the legal requirements of product identification.

PRODUCT PATENTS
Keystone Ridge Designs' products are covered by one or more of the following Patent Nos. Des. D372,133; D376,270; D380,313; D406,700; D406,701; D413,449; D413,738; D414,952; D418,652; D420,814; D421,515; D421,824; D423,166; D423,239; D424,769; D440,060; D446,399; D449,745; D454,674; D456,579; D457,334; D457,701; D457,738; D457,741; D457,742; D458,044; D459,563; D461,336; D465,679; D465,936; D465,952; D466,318; D466,729; D467,104; D471,368; D474,618; D474,619; D481,890; D506,339; D510,216; D515,856; D629,233; D749,861; D794,971; D818,296; D854,346; D856,018; D891,844 patents pending or Exclusive By Design™. Keystone Ridge Designs reserves the right to alter product design, materials or construction without notice.
